TESTIMONIALS

Having 38 years Association with ITI curriculum and after going through the project, It gives a new approach in the mode of teaching which will help the ITI students to understand the subject easily, apart from less strain and stress on faculty.

Prof. M. Ranga Rao, (FAIPITIA)

Nice informative app for diploma students and it's graphics & videos are also helpful for understanding the concept.

Priyanka Sahu, (Student)

A very nice app for technical students. Helps a lot in understanding the concepts in a creative and more logical manner. Thanks to the team for building such an app that helps all the students under technical field.

Prabhat Das, (Student)
